Hello and welcome to the third bundle release of Chibi Miku-san and finally, Len has appeared for the first time! He seems to be Chibi Miku's ideal big brother, unlike Rin who always play pranks with her. More Vocaloid characters will appear later on as the story progress. Rin and Len's names were derived from 'Right' and 'Left'. many have thought they are twins, but according to the artist Rin and Len are like each other's persona seen through a mirror (not sure since it's been a long time since I've seen that article). Bottom line is that they are not directly related!

I hope you enjoyed reading!
